Young Carer's identification form

Sheffield City Council wants to make sure all young carers in Sheffield receive the support they need. To help with this they have a Young Carers Register for any young carer in the city.

Your information will be collected by school staff and will be stored by Sheffield City Council (SCC) on a Young Carers' Register. Information might also be shared within the Council and other partners (MAST, Schools, Sheffield Young Carers, Sheffield Carers Centre and Health Services). This is to make sure you receive appropriate support, and the best help and advice.

SCC has a legal duty to support young carers under the Children and Families Act 2014 and the Care Act 2014. They'll keep your information whilst you are a young carer and then delete any data relating to you by your 26th birthday. Following your 18th birthday your information will be passed to the Carers Centre which provides support for adult carers.

You have rights under Data Protection law. For further details about legal rights, the contact details of the Council's data protection officer and the right to make a complaint please provide the young person with our data protection web page: <https://www.sheffield.gov.uk/utilities/footer-links/privacy-notice>

Young Carer's personal information:

Forename _____ Surname _____

Date of birth: _____

Address: _____ Post Code _____
